NUMBER 5

## Seeding Well Advanced In District

Seeding operations are progressing rapidly now, and the end of the week will see the beets all seeded, wheat 95 per cent finished and a good start made in the coarse grains. In the east district where several farmers have additional acreage, a large acreage of flax is being seeded. There is a strong demand for flax and with the quota on wheat it makes flax a very desirable crop.

Beet thinning will start next week on early seeded fields which escaped the frost. The labor situation is still uncertain but the farmers are hoping for some kind of arrangements to be made so that no losses of fields will occur.

Weather has been warm this week and fields and pastures have made good growth. Grass was slow and stock and flocks on range were not doing too well until the weather warmed up and now the grass is coming fine. Lambing operations of the big flocks is in full swing with good crops of lambs.

### HIGH SCHOOL ENTERTAINMENT

The High School Student Body sponsored an entertainment Night last Friday which was a decided success from beginning to end. A splendid program of singing instrumental numbers and speeches, with some really good comedy furnished an hour or so of fine entertainment and then the floor was cleared, and a very enjoyable evening of dancing followed to the music of Bateman's Band.

The executive of the School are to be congratulated for the fine evening presented and all those who assisted on the program, and attended the night's party aided the executive in putting over a very worthy enterprise.

Wallace Hanson has been appointed district agriculturist for the Cardston district. He arrived last week from Stettler where he served as agriculturist during the winter months. Mr. Hanson is Cardston born and received his public and high school training in the local school and for two years was principal of the public school here. Before he specialized as an agriculturist.

Mr. Hanson's services will be greatly appreciated by the farmers of the district. —Cardston News.

### RICHARD FRY

Richard Fry is a fair haired blue eyed Melburnian who organizes of organ music from Halifax have attracted much attention on CBC network. He was chosen as the network's organist on the occasion of the Royal Tour in 1939.

### LIONS MEETING HELD

Another interesting Lions Meeting was held in the Sugar Bowl Monday May 17. The meeting opened in the usual manner Lion O. H. Snow offering prayer.

Lions, R. Pack, V. Heggie and T. Allan were presented with special Badges for 100 p.c. attendance.

Community singing was enjoyed by the assembly.

Max Heggie was present as a visitor and gave a talk on his work on Vancouver Island. A hearty applause was given Max for his interesting talk.

Lion M. T. King asked that a committee be formed to see about lowering the Boiler at the Opera House into place. Jack Kenney was appointed chairman.

Lions V. Heggie Mutt Ralph and Karl Wilde were named as a committee to nominate the officers for the coming year. The meeting closed by singing the National Anthem.

### AIR CADETS INSPECTED

Fight-Lieutenant C. B. Bowman was in Raymond this morning and gave the local Squadron of Air Cadets their annual inspection. The boys looked very smart in their uniforms and they moved with a very fine precision in all their drills.

The officer complimented the boys on their fine showing and their excellent turnout every enrolled boy being present on the parade. O. H. Snow read the prayer of dedication for the ensign which was presented to the squadron and Flight-Lieut. Bowman presented the ensign at the conclusion of his speech to the boys, in which he praised their work so far and asked that they keep on to be ready to serve when their country needed them.

C. O. Kitchen was in charge and was assisted by Dr. Madill and C. A. Hudson. Several members of the local Committee were also present to witness the inspection.

### NEWS NOTES

Geo. Brewerton was a business visitor in Calgary over the week end.

Mr. and Mrs. E. E. Jensen were Cardston visitors Saturday afternoon and Sunday.

Work is progressing steadily at the Opera House in the program of alterations and improvement. Tommy Roberts has the work in charge.

Bussell Workman and Jos. Enishman of Cardston were Raymond visitors Monday after Betalasses for feeding operations.

Jesse Burrows who is in the Canadian Army was home on leave over the week-end. He expects to go to Eastern Canada as soon as his leave is finished.

Representatives of the Alberta Poultry Producers' Limited were in town Thursday in connection with signing up the local Co-op as their representative here. A meeting is to be held when poultry owners will have a chance to hear about eggs, grading, drying and marketing. Watch these columns for full details.

## Quarterly Conference Largely Attended

Lovely weather was prevalent for the Stake Conference on Sunday and large crowds were present for each of the three sessions, although travel restrictions cut down the attendance which ordinarily fills the Stake House to overflowing.

Present representing the General authorities was Bishop J. L. Wirthlin of the Presiding Bishopric, and with him was Herbert P. Kew, Church Architect, who visited and inspected the chapels in both wards and the Opera House, now owned by the Church and at present undergoing extensive alterations.

The morning session was under the direction of the Stake Aaronic Priesthood Committee and the topic was "Winning the Boy." A class demonstration was given by one of the Officers of the Magrath 1st Ward and Bishop Wirthlin gave a very fine talk on the Aaronic Priesthood and what it means to the boy and what it can accomplish. The Magrath High School Chorus, under the direction of Principal Grant Woolley was present and rendered a number of very fine vocal selections, doing credit to themselves and their director.

The afternoon session opened with the presentation of the General Church and Stake authorities for vote by I. B. Roberts, and then seven returned missionaries reported their labors in various fields as follows: Wm. L. Nalder, Don Briggs and Lawrence Duncombe who had all returned from long term missions, and Earl P. Tanner, Evan Stringam, Victor Larson and Wilford Burrows who had been on short term missions in Northern Alberta and Saskatchewan. All bore strong testimonies of the truthfulness of the work and reported a keen interest on the part of nearly all people in the message and doctrine of the Church.

Elder Herbert P. Kew spoke of his missionary experiences and of how churches endeavored to symbolize in their chapels and cathedrals the finest of their doctrines and beliefs. He paid tribute to E. E. Reithman for

the fine mural decorations in the building and hoped that it would be kept inviting both inside and out as it was now.

Stake Pres. T. George Wood spoke briefly relating the experiences of his mother and brothers and sisters in joining the Church in England and migrating to the United States, and paid tribute to the great missionary system of the Latter Day Saints Church which had made this migration a fact not only in his mother's case but in thousands of other cases.

Bishop Wirthlin was the concluding speaker and gave a soul stirring address on "Obedience." He pointed out that all of the wars and contentions of nations and individuals were a result of disobedience to law on some one's part, and that if we all obeyed God's laws these things would not happen. Disobedience started in Heaven, said the speaker, when Lucifer, a son of the morning refused to be governed by the decision of the Gods and sought to become a law unto himself. Since then the two forces have been at work in the world, one trying to get us to obey, the other to disobey. We must all learn, the lesson of obeying without questioning before we can inherit that glory for which we are all striving.

The Stake Choir, directed by Will Stone was present at this session and rendered a very fine musical program, much enjoyed by the large congregation present.

The evening session was devoted to the youth program under the direction of the Mutuals. A pageant formed a part of the program, dealing with genealogy and research. The speakers were Mrs. Sarah G. Low, recently returned from a long term mission, Elder Herbert P. Kew and Bishop Wirthlin, all of whom delivered timely appeals to the youth to live a life of service if they would enjoy happiness and achieve success. The Stake Choir was present again at this session to add to the enjoyment of the program.

## Day Of The Swarm

Another successful graduating exercise for Bee-Hive Girls was held in Raymond May 8th with both wards participating.

Twelve girls their uniforms decorated with Symbols and awards were there to receive their Certificates, several others should have been but were detained. The presentations were made by Stake Pres. Fanny Walker of the M.I.A.

Several girls received Honor Badges, with idea of completing more during their summer season but only one was graduated as an Honor Bee. (To be uninitiated this is comparable to a Kings Scout). The Honor Badge was presented by Canadian Supervisor Mrs. M. W. Boyson, but Jean received in addition a Corsage from the second ward M.I.A. and presented by President Ruth Salmon.

An interesting and stimulating program followed: A Sacred Pageant, by First Ward girls with Mrs. Gladys Layton as the Mother, Miss Mary and Armina Keurl, their Beekeepers.

Beautiful Patriotic Flag drill second Ward Builders.

Solo by Miss Myra Dall and a reading by Madeline Smith. The humorous skit by Gatherers of the treasure showed skill and was enjoyed by all. Mrs. A. E. Hancock, Bee-Keeper.

The program was conducted by Stake Bee-Keeper Doris Court who expressed her regret at the absence of her co-worker Athea Peterson, who is in the Hospital at Lethbridge.

Community singing aided by Zelda Woolley was enjoyed by all.

The girls entered joyfully into the games prepared and led by Stake Builder Bee-Keeper, Hazel Redd.

These were followed by lunch enjoyed by all, and completed a delightful afternoon for both girls and their Mothers.

Geo. Thompson is making steady progress with his new house and he now has the first layer of boards on the walls, the sheathing on the roof and is commencing to shingle now.

## Air Cadets In Church Parade At Lethbridge

### W. I. MEETING

The regular monthly meeting of the W. I. was held at the home of Mrs. Lamb on May 13th. After singing 'O Canada' all members joined in the flag salute and repeating the creed. The roll call was answered by thirteen members, each giving their favorite penny stretcher. The minutes were then read and adopted.

Mrs. McBride gave a report on the Sadie Hawkins dance, which was a success financially. A report from Mrs. Winkler, who is convener of the quilt committee, was given, stating four quilts had been completed and handed into the Red Cross and two more to be made this summer will fill our quota. Pres. Mrs. Lamb asked the W.I. members to report at the June meeting whether or not they wanted to meet during the summer months.

After some discussion it was moved that we have the No. 5 Demonstration Sewing Course brought to Raymond, which was offered by the Government Extension Service.

Mrs. O. Turner then gave a most interesting book review "When the West was Young," by J. D. Higginbotham. All the members greatly enjoyed this glimpse of pioneer life in Southern Alberta. Each member donated 25c. to help fill a \$100.00 bag for the Navy League.

After singing "God Save the King," lunch was served by the hostesses, Mrs. Lamb and Mrs. Winkler.

### FREE MATINEE AT THE CAPITOL

In response to an urgent appeal from the Government for immediate action in shipping more Fats. A Fats Matinee is being featured at The Capitol Theatre on Saturday morning June 5th, when school children will be admitted for a 2 pound tin of Fat. It is hoped that all children will start now and save fats for this important effort.

The Capitol Theatre and services of all the staff will be donated to this worthy cause, so in the interests of the wants of your government please support this enterprise.

Max Heggie who has been on the Pacific Coast for several months working, was home over the week end and his wife and children went back with him to make their home there. Max is looking fine and says he is enjoying his work.

### HYRUM FROMM TALKS AT ROTARY

Staff-Sergeant Hyrum Fromm of the United States Air Force, home on leave was the speaker at the regular Rotary meeting Monday and gave the Rotarians an interesting twenty minutes with a report of his experiences in different training schools since he left here, and at the large airport at Madison, Wis., where he is in charge of a crew of mechanics who check all incoming and outgoing planes.

"Hy" was right at home and answered a lot of questions put to him after his talk. He left Wednesday to return to duty. All the Club members joined in a hearty vote of thanks for his talk and best wishes for his future.

In observance of Youth Sunday, the Raymond Squadron of Air Cadets went to Lethbridge Sunday where they joined with the cadets of Lethbridge, Taber and Magrath in observance of the day.

Assembling at the Collegiate all the boys marched in a group to Southminster Church, making a striking picture as they moved off in unison led by the Pipe band of the 29th Co. Veteran's Guard. At the Church Rev. Harry Mutchmor took as his topic "Man Has Wings" and gave the assembly a very interesting talk, illustrating his points with examples of man's ability to elevate his thoughts and his emotions to the higher things of life because of his mental wings.

After the church service the cadets formed up again and marched past the City Hall where Group Captain M.D. Lister Commandant of No. 8 B & G School took the salute. Then the cadets were all taken to the No. 8 school for lunch and a program of instruction and sports was held there.

The local squadron arrived home at 7 p.m. just in time for Church Parade again at the closing session of Conference to complete a busy and profitable day.

### WEDDING BELLS

#### McPHERSON — BREWERTON

Barbara, eldest daughter of Mr. and Mrs. Gordon Brewerton of Cardston, was married Monday night at her parents home in Cardston to Jean McPherson, son of Mr. and Mrs. O.L. McPherson of Edmonton, Mr. McPherson, the father, serving as Minister of Public Works in the Brownlee government.

Fres. E. J. Wood performed the ceremony, in the presence of relatives and friends of both families. Mr. and Mrs. Lee Brewerton being present front here. The groom is an officer in the Royal Canadian Navy, and the young couple will make their home in Ottawa. We join with their many friends in wishing them joy and happiness in their married life.

### JUDY RICHARDS

For years Mart Kenny and his Western Gentlemen and Judy Richards (above) have been making trans-Canada tours and receiving the nation's handsomest bouquets but today their journeys are a special matter for Canada's young men of the armed forces, since Mart and the lads are visiting training centres and playing their sweetest arrangements for the troops. Mart and the boys and Judy are expected in the West shortly.

### CAN WE HELP

There is no question that what the coming season will see a definite shortage of labor. Every day men are on the street asking for help. As business men, is there anything we can do to help. We have put the Victory Loan over, Raymond is on a par with other districts in men and women in the service, and yet, this was must be won, and we must all help to win it.

We notice that some districts are closing their stores one day a week and staffs are donning work clothes and going out in to the fields to help. We are not suggesting that this be done, it may not be necessary. But we do think that we should keep our ear to the ground, and if a situation arises where help is urgently needed and none is available, then as business men we should co-operate to the full, and as citizens, we should not complain if we are inconvenienced a little if some one else is lending an effort for victory.

After all, the big thing is production of the essentials of war. We have one fighting army and one working army that must be fed, besides a great number of prisoners of war. If we can add to the available supply of beef, cheese, pork poultry, eggs, grain or anything else we owe it to our country to do it, just as much as the soldier owes it to his country to be ready for duty when the bugle calls.

Perhaps not this month, nor

### FARM FOR VICTORY

As announced elsewhere in this paper a District Agriculturist has been appointed to serve the south western section of Alberta with headquarters in Cardston. In this capacity I wish to send greetings to the people of my territory. It is my earnest desire to serve well and in order to do this I must be come acquainted. As one means of doing this I propose to pres-

How do you like the warm spring days?

Mr and Mrs Mose Fromm were visitors in Magrath Wednesday afternoon and Thursday.

next, but when needed, we should have an organization, either thru the Board of Trade (the Town Hall) or some other agency, where essential help can be obtained without any waste of time. This would only be preparing for an emergency, and we should at least do that.

Grain is really growing fast now the weather has warmed up. We may have an early harvest yet.

It's too bad to see rhubarb going unused because of a shortage of sugar. When preserving fruits are hard to get, then native plants certainly should be taken care of.

ent timely and pertinent information in a weekly article under the name "Farm For Victory."

The broad objective of the Provincial Department of Agriculture is to guide agricultural production; and in turn the aim of the agricultural representative is to assist farmers in meeting the demands for food of a nation at war. Canadian farmers are being asked for a greater production than ever before and this in spite of decreased farm labor and a limited supply of machinery. All this puts new responsibility on the farmer and the government agencies designed to assist him.

Naturally the District Agriculturist can't solve all the farmer's problems but he can help farmers to solve them. An outgrowth of a search for a way to make the work of the agriculturist with the farmers more effective was the "Farm For Victory" movement. The many new and confusing regulations regarding war production and the advanced scientific knowledge coming out created a need for some way to get it to the farmer and to put the information into action. It is hoped that the Farm For Victory will be the answer. Although it is a way measure the same kind of an organization could play an important part in the post war period of reconstruction.

In Alberta the Farm For Victory organization consists of a central committee, twenty-seven zone committees, and community committees. The local groups will act in an advisory capacity to the agriculturist and the other government agents. They will help to spread information, organize meetings, and assist in implementing the action programs decided upon.

Let me illustrate with an example. Suppose the D. A. meets the community committee in a certain district and after outlining the production requirements finds that this district could produce more pigs. The agriculturist and the committee decide upon an action program. Information is spread by mailing bulletins or by organizing meetings. Suppose the program called for the improvement of the swine of the district by obtaining better quality boars and by increasing the number of sows kept on farms. The implementation of this program might include the getting of farmers to make application for registered boars through the Provincial Government assistance policy. Clubs might be formed to obtain young sows under the Federal policy; or a committee of interested farmers might be formed to buy good grade pigs at the stock yards to supply the needs of the farmers. As a follow up, field days might be organized to demonstrate labor saving equipment and improved methods of swine management.

This movement has great possibilities and your District Agriculturist invites the farmers of this district to make use of it. Address your inquiries to W. R. Hanson, District Agriculturist, Box 116, Cardston.

## WHEAT ACREAGE REDUCTION

Farmers of the Prairie Provinces, including the Peace River and Creston areas of British Columbia, who desire to divert wheat acreage to the production of any other crops or to summerfallow in 1943, may claim payment for doing so.

PAYMENT OF \$2.00 MAY BE MADE FOR EACH ACRE BY WHICH THE WHEAT SEEDING ON ANY FARM IN 1943 IS BELOW THAT SEEDING ON SUCH FARM IN 1940. IF THERE WAS NO WHEAT ON A FARM IN 1940 BUT THERE WAS IN 1939, THE 1939 ACREAGES MAY BE USED INSTEAD OF THOSE OF 1940. ANY CROPS OR SUMMERFALLOW MAY BE SUBSTITUTED FOR WHEAT, BUT PAYMENT WILL NOT BE MADE ON ABANDONED LANDS.

Payment on any farm is limited to an acreage not greater than 80% of the total cultivated acreage of such farm.

To obtain payment farmers must make a sworn statement of claim immediately seeding is completed. THEY SHOULD PLAN TO DO SO NOT LATER THAN JUNE 30th.

Any farmer who did not apply for Wheat Acreage Reduction payment in either 1941 or 1942 and intends to do so in 1943 must notify his municipality of his intention before May 31, and then make his claim after seeding.

Forms are available in the offices of the municipalities or direct from offices of the Wheat Acreage Reduction Administration in Winnipeg, Regina and Edmonton.

Statements of claim may be submitted to Municipal Offices or to Offices especially arranged to receive them in localities not served by municipalities. Delay in making claims should be avoided; they may be filed immediately seeding is completed. Persons having interests in farms as landlords may submit applications at once.

## WHEAT STEM SAWFLY

Just one year ago, we emphasized the sawfly threat. We directed the attention of farmers to an excellent description of control methods, Special Pamphlet No. 59, and placed a copy in all line country elevators.

Let us remember two facts. Firstly, the sawfly is still a threat and, secondly, it can be controlled. The results of research and experimentation are, year by year, leading to more effective control methods.

Last year, Dr. K. M. King and Dr. C. W. Farstad, through the co-operation of farmers, conducted a series of 18 sawfly trap demonstrations. The results are full of meaning to all wheat farmers in sawfly areas. We quote from the report: "In every district except one, well-planned sawfly traps gave very worthwhile control in 1942. They show clearly that good sawfly traps can be highly effective in Saskatchewan."

"In the trapped fields, as an average, less than 2 rods at the margin were sufficiently infested to result in severe losses of heads due to fallen stems. Comparable untrapped wheat was severely infested to more than 11 rods from the margin, on the average of the districts represented in this study."

"It is estimated that, on the average, at least ten times as many heads of wheat were lost in the untrapped fields than in the comparable trapped ones."

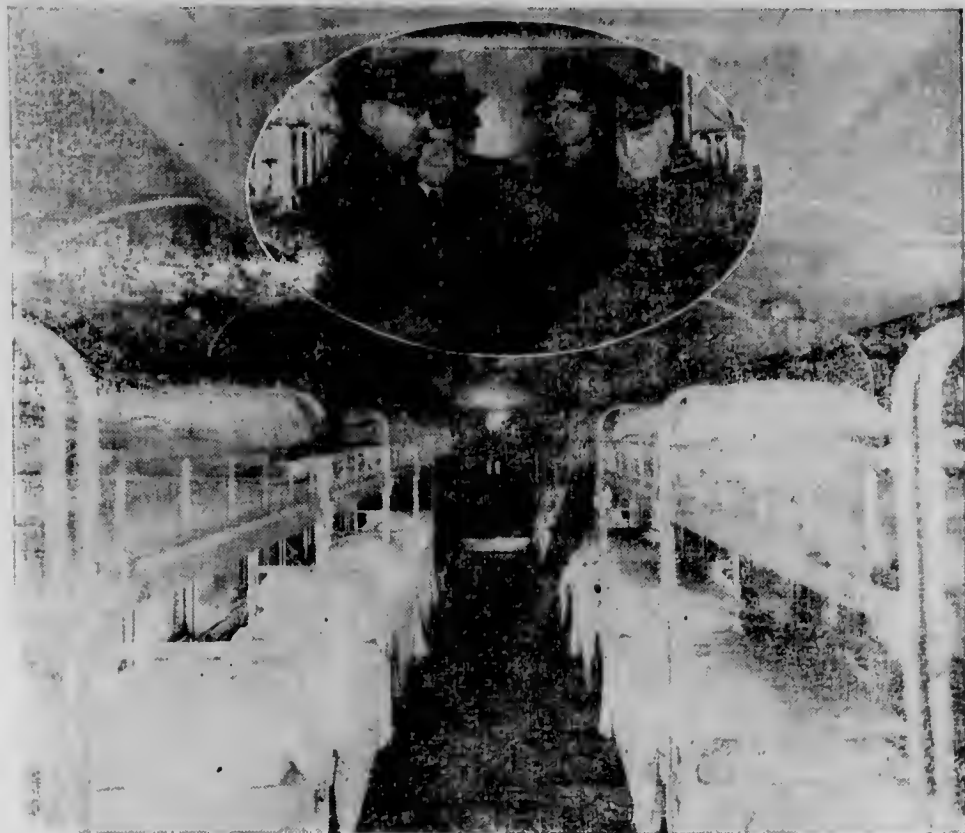

Write to Dominion Entomological Laboratory at Lethbridge, Saskatchewan or Brandon for Special Pamphlet No. 59 and other information, and ask your local line elevator agent for a copy of "The Wheat Stem Sawfly."

way.—The second official estimate places India's wheat acreage at approximately 2,000,000 acres above that of last year.

Heber F. Allen was in Lethbridge on business on Monday.

C. R. Wing returned from the Hospital and is recovering steadily although still unable to return to his work at the Sugar Factory.

## Army Receives Second C.P.R. Hospital Car

The second travelling hospital unit built by the Canadian Pacific Railway to specifications of the Royal Canadian Army Medical Corps, this auxiliary hospital car was turned over by George Stephen, vice-president of traffic, on March 31 at the Windsor Station in Montreal to Col. G. A. Winfield, of Ottawa, deputy director general of medical services (A).

Converted from a compartment-observation sleeper, the "Mount Kitchener", the new hospital on

wheel was remodelled at Angus Shops in Montreal under the direction of H. R. Naylor, works manager, to specifications drawn by H. B. Bowen, chief of motive power and rolling stock.

This picture gives an excellent view of the 14 extremely comfortable double-deck steel beds which will accommodate 28 casualties. In addition the car has toilet and wash rooms, a receiving vestibule with doors wide enough to receive stretchers, a completely equipped dispensary, gas and electric rings

and ample locker space for medical supplies.

In the inset are shown the Canadian Pacific and Army officials who took part in the actual delivery of the car to the medical services, with those shown in the spacious ward being, left to right: Col. Winfield, Mr. Stephen, Lt.-Col. G. S. Kinney, of Ottawa, assistant quartermaster general (movement control); and Col. J. H. McGibbon, of Montreal, medical officer.

## ITEMS OF INTEREST IN THE WORLD OF FOODSTUFFS

Argentine corn losses are estimated at 60 p.c. with yields ranging from 4½ to 12½ bushels per acre. Green bug infestation in the U.S. Southwest is reported to be the worst in 55 years—Chile's 1942 crop will be the best since the beginning of the

bushels is below the average of recent years.

Switzerland's cereal acreage has been increased from 124,970 acres in 1941 to 300,227 acres in 1942, and it is reported that a further increase may be expected this year.—Broomhall reports that crop conditions in many parts of Europe are the best since the beginning of the

FARM equipment to be right needs the right type of lubrication, designed to do the job in the right way. That is why McColl-Frontenac farm lubricants can give your farm equipment "what it takes" to keep them working efficiently and economically. For, every McColl-Frontenac petroleum product is designed to do a particular job.

So, if you would guard your farm machinery against unnecessary wear—and work it harder and longer and at lower cost—get a supply of the following outstanding farm lubricants from the McColl-Frontenac Representative in your district.

TEXACO MARFAK  
For Wheel-Bearings and Vital Friction Points.

This famous lubricant lasts longer and lubricates better under the toughest working conditions. It is self-sealing and keeps the working lubricant in where it is needed, most, prolonging life of bearings and universal joints by keeping out rain, mud and dust.

RED INDIAN MOTOR OIL and  
RED INDIAN AVIATION MOTOR OIL

Here are two great oils that will lengthen the life of any engine. They ensure full power and economy under all operating conditions. These finer oils combat acid corrosion, friction, waste and wear. They stand up under highest engine heat... they flow and lubricate the moment the engine starts.

URSA X\*\* (CANADA)  
The Perfect Motor Oil for Diesel and Heavy-Duty Gasoline Engines.

Highly resistant to the formation of gum, sludge and carbon, Ursa X\*\* (Canada) keeps rings, ring grooves, valves, screens and filters clean. Provides maximum bearing protection. Ensures full power and lower fuel consumption.

## FREE

Here's a handy, everyday reference book. It tells you how to make an economical farm workshop, how to properly hitch implements to tractor, and a hundred other ways to save time, money and labour 'round the farm. Write today for your free copy to McColl-Frontenac Oil Company Limited, Calgary.

### RE: SURPLUS 3 CENT POSTAGE STAMPS

The Department advises that as a result of the increase in postage rates on first class matter effective April 1st 1943 from 3 Cents to 4 Cents, there is a considerable surplus of red 3 Cent Postage Stamps, first issued on July 1st 1942.

In order to avoid waste and needless expenditure of public funds it is essential that every reasonable effort be made to induce the public to use up these 3 Cent Stamps, as far as possible.

This can probably be done best by persuading those mailing and buying stamps that they will be acting in the public interest by using whenever possible a 3 Cent Stamp plus a 1 Cent Stamp to pay the 4 Cent rate.

The Department fully realizes that in many cases this will entail a certain amount of inconvenience for business men and particularly to large users of the mails, but it feels that if the appeal were made for the reasons above mentioned and it is explained to them that the condition is only a temporary one, the public generally,

### RULES TO CONTROL CATTLE DISEASE

Here are ten rules endorsed by the Health of Animals Division, Dominion Department of Agriculture, for controlling cattle diseases:—

1. Clean and disinfect water tanks and feed bunks regularly.
2. Drain, clean and rotate feed yards and lots and fill mud holes.
3. Raise young animals on clean ground.
4. Feed rations fortified with

5. proteins, minerals and vitamins.
5. Yard and feed different classes of animals separately.
6. Secure a health certificate with new animals.
7. Separate new animals from the farm herd until it is known they are in a good state of health.
8. Segregate sick and unthrifty animals from the herd.
9. Have diagnosis of sick animals by a trained veterinarian.
10. Consult with experienced veterinarians about vaccinations and treatments.

L. D. King was a business visitor to Lethbridge on Thursday.
